

Greek Life Servant Team Roles

Servant teams within Greek Life are the main teams that allow GL to be more than a “weekly meeting” and help us expand our influence to the Greek System and even campus as a whole. We would love you to consider joining a team, or even being one of the pairs that give leadership to a team.

The teams marked with an asterisk, will be “joint-teams” lead by Cru and GL leaders to create some overlap between the ministries and harness a wider audience.

Either way, we would like you to look at the description and ask what areas motivate you. The details of what we are asking you to do follow each description. Furthermore, in the application for leadership that accompanies this document, there are some areas of heart and character that we would like to have you to agree to if you would like to be a servant team leader. (those agreements do not apply if you would simply like to be on a team). -miles

*Campus Relations

The CR is designed to take the human resources available through Greek Life and facilitate avenues to serve the campus and community. We do not want to create new organizations of service, but we want join with existing opportunities. The world will not hear our spoken message if they do not see our message lived out. We want to live out the Gospel alongside speaking a message to the Greek System, the campus and the community of Chapel Hill/Durham. The CR team will be responsible to find opportunities where GL students can serve alongside each other developing community, sharing Christ’s love and also speaking Christ’s love to other Greeks who might join us, or to those that we are serving.

Responsibilities:

- Along with Cru leaders, develop a team of students who will find strategic opportunities for CR to partner with
- Provide a ‘service’ opportunity for GL once/month

-Lead your committee monthly in a time to help grasp God’s heart for serving. (study a book, look at biblical passages etc.) *Generous Justice, Tim Keller, When Helping Hurts- Brian Fikkert*

*Outward Impact

We don’t just want to sit and wait to see who comes to a Cru/GL meeting or a Bible Study, we want to intentionally pursue even the people that might never come to a traditional “Christian event”. So we have to be creative and provide opportunities to get outside of our Christian safe cliques. The Outward impact team will strategize some events (alongside cru) to which the campus as a whole can take part. Also, ideas that come about may have some particularly specific applications for the Greek Community.

Responsibilities:

-Meet at least monthly to lead the team in the study of a book or passages that relate to growing your team’s (and your) hearts for “reaching out”.

*Sending

The ministry of Cru at UNC has a long history of sending students across the state, the country and the world. Whether overseas to China, or down I-70 to Kinston, or after graduation to the workforce, we want to send people to make an impact for Christ. If you have a passion to ignite students to care about people who are different than you, in different places than you, or help them prepare to graduate UNC and minister for a life-time, this is the committee for you.

Responsibilities:

- Raise awareness for partnership places, organizations. ie. East Asia, Sweden, Summer Projects, Vocations as ministry
- Meet regularly with your team to read a book or study the Bible on God’s heart for mission. “Let the Nations be Glad” by John Piper or Work as Missions.

Men’s/Women’s Team

Sometimes its just good to be apart from the opposite sex! Bonding, sharing, connection can happen that wouldn’t otherwise. These teams are responsible to create small to big events that capture momentum for their respective gender to be together. These teams can have a huge advantage in bringing others in that wouldn’t normally come to a GL event.

*Prayer

Prayer is one of the foundations of a spiritual movement. We need God to move for what we want to see happen in the Greek System. This team does not have to be prayer experts....but those willing to put energy into growing their own prayer lives and that of others in Greek Life. I think students want to pray but sometimes it is intimidating and even foreign. Clear directions and topics can be helpful. You are to be prayer guides, give vision, topics, plan times, help us pray!

Responsibilities:

- Provide opportunities for GL to come together and pray for the Greek System
- Coordinate with the Cru prayer team monthly to create overlapping vision and events.
- Motivate GL students for prayer through vision casting
- Read a book on prayer together as a team: *If God answers anyway, why pray?*, *Fireseeds of Spiritual awakening*, *Prayer by Andrew Murray*

Main Meeting

The Tuesday night weekly meeting of GL is the main entry point to the ministry. It is not the 'main' part of GL per se, but it is very important for the synergy of the movement. The leadership team of this meeting is responsible for the overall logistics of the meeting.

Responsibilities:

- Develop a team of students who will plan and create the weekly meeting
- Plan the flow of each meeting
- Evaluate effectiveness of the meeting alongside the Vision Team
- Prepare for PowerPoint, announcements, MC's etc., Greeters, Music Team
- Highlight vision of Greek Life through MC intro's, communication about music, testimonies, promotion of ministry events .
- Meet weekly as a main meeting team to plan and pray for the meeting.

Community

Community is a powerful force in the Christian Life. God uses the connection with others to grow peoples' hearts and mold their characters. Within the Greek System there is already a powerful community structure for sure. We cannot compete with that momentum. But we want to provide a structure where there is an environment so that GL students can have important community needs met within a Christian setting. We also hope that this GL setting would be a powerful testimony of Christ to bring other non-Believers or 'fringers' into.

Responsibilities:

- Develop a team who will plan community events
- Think through and plan how community can be incorporated into all that we do: ie. Main meeting, Small group Bible studies etc.
- Plan several community events per semester, ie. Thanksgiving Dinner, Super Bowl Party, Bowling etc.
- Like all the servant team areas, think through events that at times cater to those outside the GL community and at times cater to those within.... And at times...perhaps most times cater to both!

Publicity

The Greek System has to know that we are an option for resources in their spiritual lives. Word of mouth is the most powerful tool. But word of mouth is backed up when people see us visibly at many different intersection points. Flyers, Instagram, Facebook, Web, DTH, House announcements etc. This team will be responsible to ensure that Greeks know of Greek Life the resources that we offer and the events that we plan. Creativity here, thinking outside the box....that's what we need.

Responsibilities:

- Develop a team of students who will serve in publicity
- Coordinate with the Student Intern Liaison to publicize pertinent information
- Coordinate with IFC and Panhellenic to promote Greek Life to Greek Students
- Maintain the Web site, instrgram, twitter and facebook
- Send out weekly email with events

Retreats

It has been said that God does not speak louder on retreats, but that we seem to listen better... This team oversees a very important area of Greek Life. We want to get away together to connect to one another and to God in a significant way.

Responsibilities:

- Plan and organize fall retreat
- Plan a spring event.... Guys/girls retreats, women's beach retreat, camping?
- Promote 'Encounter'- Winter Conference in Greensboro Dec 27-Jan1
