

How to Memorize Scripture

Some Helpful Tips

“There are three secrets to being successful in Scripture memory: (1) Review; (2) Review; and (3) Review.” – Chris Adsit

1. Read the verse through several times thoughtfully aloud.
2. Using natural phrases, learn the topic, reference, first phrase and so on...
3. Write out the verse as part of the learning process.
4. Review the verses frequently throughout the week. A good goal is 2–3 verses per week.
5. Use a system like the following one to keep track of your memory verses. Start by working on a verse once a day for seven weeks. Then you will want to continue to review that verse once a week for seven months.
6. Memorize with a friend!
